Relevant Experience

Full-stack Developer, **Klimato**

September 2023 — Present

- Introduced and integrated a robust testing framework, ensuring the reliability and stability of the codebase
- Successfully migrated the build tool, resulting in improved development workflows and efficiency
- Maintained thorough documentation, ensuring clear and comprehensive resources for future development efforts
- Facilitated knowledge-sharing sessions to disseminate expertise on new technologies and development methodologies

Frontend Developer, **Devoteam Creative Tech**

November 2022 — May 2023

- Developed user-friendly and responsive web pages
- Ensured cross-browser compatibility and optimized the application for performance
- Conducted code reviews and collaborated with other developers to ensure the code met the coding standards and best practices
- Troubleshoot issues and provided solutions to improve the user experience

Full-stack Developer, **Bonnier Healthcare**

June 2020 — November 2022

- Developed and designed major features on one of Bonnier Healthcare's customer-facing web app using Laravel, Vue, jQuery, SQL and Google Charts
- Wrote modern, performant, and robust code for a diverse array of client and internal projects
- Communicated and collaborated with developers, designers and producers on a daily basis
- Contributed extensively to brainstorming and strategy meetings with Project Manager and Team Lead to determine ideal methods to meet project goals
